### ■ Aiming with precision

Perfect for precision use required for room styling or display, especially when you need to set an accent and create a mood.

### ■ Choice of two lumen packages

Choose between two lumen packages to meet your design and lighting needs. Available in 9 W up to 945 lm and 13 W up to 1 500 lm.

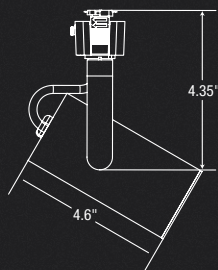

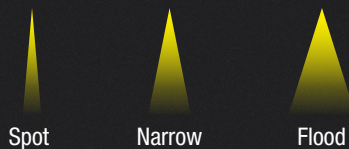

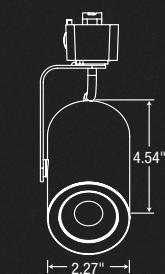

### ■ When you need flexibility

The TL series is compatible with J style tracks. Many accessories are available for your design. Once the track is installed, you can customize it to your needs by adding, reorienting or removing a fixture.

# Sleek design and perfect for accent!

## Choose the right beam angle

**9 W**  
(Up to 945 lm)  
Spot 16°, Narrow Flood 20°, Flood 35°

**13 W**  
(Up to 1 500 lm)  
Spot 20°, Narrow Flood 23°, Flood 36°

## Compatible accessories

The compatible track accessories allow you to create shapes and designs to personalize the look and achieve the lighting output required.
