

L2SSS LED Slim Strip

The L2SSS series showcases a slim profile, allowing for installation in tight and restrictive spaces. Benefit from high-performance light output without sacrificing smooth and uniform lighting. With its classic round lens design, the L2SSS series is the perfect choice for a wide range of commercial and industrial applications.

■ Easy Installation

Quick and easy to install thanks innovative and lightweight design. Included in every box are mounting brackets and a junction box cover for a polished result every time.

■ 120-347 V

Say goodbye to stocking both 120-227 V and 347 V configurations and never worry about sending the wrong voltage to a job site - our drivers function automatically between 120 V and 347 V.

■ Available in 2', 4', & 8'

Offered in multiple lengths and lumen package options, the L2SSS series gives the end user a versatile and efficient lighting solution. The small footprint makes it the ideal luminaire for almost any application.
