

L3CBA GEN. 2 LED Recessed Center Basket

3 CCT and 3 Power Selectable
1'X4', 2'X2', 2'X4'

Stanpro's L3CBA offers a classic look and is an all-in-one solution which makes it the optimal choice for most applications. This energy efficient center basket is 120-347 V and offers a long life for optimal performance and is ideal for all commercial and industrial buildings.

■ Color and power selectable

The L3CBA series offers the flexibility and versatility of color and power selectability. A convenient all-in-one solution for most of commercial and industrial applications.

■ Sleek housing profile

The thinner and lightweight housing of this center basket luminaire offers an easier installation and a smaller box size to make it a more convenient choice to opt for.

■ Timeless look

The LED Center Basket style offers a reduced glare option for suspended ceiling applications. With its recessed design and only its middle part lit, the L3CBA allows for a classic, efficient and adequate lighting solution.
